Garbage Why do You Love Me

Oh man ain't that the truth

And then Kevin regret's What he said,

I didn't mean it if you come back I'll never be a pain in the butt again I promise.

It remind's me of What John Kramer say's in saw 2.

Seem's to me that the knowledge of Your son's ~~impending~~ impending death is causing you to act, Forgive all his sins, to wipe the slate clean, Why is that We're only willing to do that, When a life is at stake?

Then say it again maybe it'll happen
Be careful What You wish for, You just might get it.

Is this toothbrush approved by the American Dental Association? Just say yeah for fuck's sake.

Unrequited Love

I just saw Starship Trooper's for the list time in a long time, one thing that Was nagging me through out the Whole movie Was What Dizzy's deal W/ Rico? Why Was she so obsessed W/ him? obivously the movie doesn't show it but Rico may have done something or said something to make Dizzy have a crash on him, The length's Dizzy goes to is just fucking amazing,

I think Ibanez is more attractive W/ her hazel eye's big breast having ass, But Dizzy is feisty as hell, That was pretty sneaking snatching Rico While Ibanez is away, Holy shit she join's the football team & is the only W/ girl, Then the Mobile infantry & When they don't get sent to the same unit she specifially requested transfer from Fort cronkite to this training unit, And When Rico is getting whipped her eye's get mistil,

I'll take Flores ditzy ass,

In Hey Arnold Helga is secertly in love W/ Arnold, It wasn't til episode 78 "Helga on the couch" that they show why. Arnold gave Helga attention When no one else did,

It also remind's me of the "I love Lisa" episode of the Simpson's, All it took Was a fucking valentine's Day Card, In a cruel mean shitty World an act of kindness is all it take's to have someone crushing on you, Now Ralph is a guy Who know's how to deal W/ heartbreak, Fuck that bitch & channel your energy into something else, In his case acting,

Would Ralph have been able to put on the performance he did IF Lisa hadn't ripped his heart to ribbon's, Ralph ended up being the best part of the play, the icing on the cake is When Ralph is signing all these bitches ~~autogra~~ autograph's, It's like that scene in Lord of War, Even in hell an angel sometime's make's an appearance,

In all 3 case's at least it didn't come to one of those "IF I can't have you no one can" situation's,

STRENGTH AND HONOR

Gladiator is definitely in my top 5 favorite movie's, Even though Maximus is my favorite character I relate more W/ commodus, I know what it's like to be outclassed, The way that commodus went about it was totally fucked up. 1st of all IF my dad played favorite's, Well 2 can play it that fucking game, As for not becoming emperor fuck it I'll make my own way,

Maximus is such a likeable guy that even though I saw a lot of myself in commodus I would have sided W/ Maximus. And I have been in commodus position.

So your dad picked somebody else over you. Whenever I don't get my way or what I want I just think about the † Serenity prayer by Reinhold Niebuhr. Who give's a shit IF your dad wishes someone else was their son. It goes both way's, In commodus case he had a bunch he could have picked from, General's, Senator's, prefect's. He could have learned the rope's & still have made something of himself, Commodus could have any girl he wanted but he want's to smash his older sister. I'd be cool W/ that IF he didn't do in that "I'M I NOT MERCIFUL!!!" way. I don't even know IF Lucilla would even still love her brother after the shit he pulled. But even IF she does she doesn't love you like that, Commodus get's so jealous that he tries to have Maximus Killed twice. The 2nd time personally. He cheapshot's him &

Still get's his ass killed.

Commodus' problem is that he was just a spoiled brat, He could have been a great guy w/ all the advantage's he had, I get the feeling Maximus didn't have nearly the opportunities Commodus had. And he became a general, Someone should have told Commodus

The Rolling Stones

You can't alway's get What you want
But if you try sometime's, Well, You just might find
You get what you need

It's not Maximus fault that Marcus favor's him, He didn't even want the fucking job, Whenever someone was praising Someone I went to school w/ or somebody I grew up w/ I would feel like Shit. But I don't feel that way anymore, I got my own shit to deal w/ why the hell would I worry about somebody else? I'm just like shit just adopt the fucking loser.

DuelMan Civil War

You can be better than a person in a lot of way's, Yeah Some of these motherfucker's are smarter & richer than me.

Pain

So What? Who care's? I'm doing it how I like

IF you come off as a likeable guy like Maximus all of a sudden people gravitate toward's you. You act like Commodus & you will repel people.

Stand BY MB

I know how Commodus' dad feel's about him. He doesn't give a shit about him, Maximus was the one he cared about and don't try to tell me different

So make people like you, Life is unfair. You don't have to be a victim. And you can change your lot in life IF you are willing to better yourself.

At the beginning of the movie all of Maximus troop's are greeting him. saying sir or general, Then later in the Movie as he is about to fight. They start chanting "spaniard", some kid's are showering him W/ flower patal's & then all the guy's he's passing raise their sword's & say "spaniard". And then later he refuses to kill that dude. The crowd taunt's him at 1rst. But no matter What he does, he win's the crowd. Even the little dude Lucius say's "I like you spaniard". He throw's a sword into the crowd & the crowd goes nut's. I hadn't notice before but When maximus take's on commodus someone shout's "off W/ his head Maximus". I had the subtitle's on that's how I caught that.

I'll go as far saying that's Russell crowe's best movie.

It pay's to be a Winner

What We do in life echoes
in eternity

There's no greater ally, no force more powerful, no enemy more resolved, than a son who chooses to step from his father's shadow,

— Romo Lampkin

That's Why Romo is my favorite character.

Some of the highlight's from When I Was driving

UPS driver's can't drive more then 60 hour's a week, so on saturday I had to sign some DOT form. The day before the boss [redacted] Dahmen said he would be buying breakfast for everybody showing up saturday, I was in the dial room when breakfast was served. Variety breakfast taco's from Taco cabana. As I was filling that fucking form out I was killing a chorizo taco, some chorizo juice fill on my sheet & left a big orange greasy stain. I was like oh shit, this ~~guy~~ girl said "Mauricio you ~~sum~~ sumthing else". This guy told me "I can't believe you got chorizo on your form". And I said "I got some chorizo in my pant's you want some?" The boss was shaking his head.

This ese gave me some dip like 10 minute's before I was heading out [redacted] Dahmen saw me & said "You did not give chew just as he's about to leave". There was like 3 other driver's around & they just started laughing. [redacted] Dahmen said "Go to the bathroom and spit that out".

I almost hit the fucking truck next to me. From then on someone had to pull the truck ~~from me~~ for me.

There was all the time's I bullshitted w/ [redacted] Machine Gun. We talked about everything.

Dennis the Menace

The nicest old gal on the block

I didn't think making driver was a big deal. Especially since it was seasonal. I got so many compliment's & Congratulation's. This african chick told me "No wonder I haven't seen you". This girl who never bothered to talk to me "said you made driver!?!" [redacted] B said "Good for you". Even security told me I was moving up in the world. I Even got it from people outside of work. When I went to 5 Guy's &

this guy filled it w/ so many french frie's I thought the bag was going to rip. There were so many french frie's I couldn't finish them all. I didn't have to pay for nacho's & hotdog's at Racetrac. And when I would make delievery's I got a lot of free food. My aunt saw me in my UPS uniform & she was impressed. Even [redacted] Hate Who I haven't seen in month's said "You're a fucking driver."

I thought it was going to be May 2020 before I even got a chance to drive. And I hated it. What they don't tell is all the shit you have to deal w/. Putting up w/ loser customer's, being stuck in traffic (especially in uptown) finding parking. Package's being in the wrong truck or spot. Delivorying shit on time. And getting robbed.

IF I never have to drive again I will die a happy guy. This guy told me IF I was going to sign the bid for full time driver? I said "I'm not signing that shit."

This is going to sound weird after all the stuff I've written & drawn, But I been getting in touch w/ my inner hispanic,

I was on assignment at Tellwork's, This new ese just started working there, He had the cholo look, Short hair, golden grill & a thick beard & moustache, I didn't think we were going to get along at 1rst

Talking Back Sunday
My Blue Heaven

And it happen's all the time

But one day I was bored out of my mind that I started bullshitting w/ this ese, We got a long better than I thought, When he would go home every night I would always say

Shot caller

"Smash these Vato's ese"

I never found out his name,

This one time I was riding around a golf cart & he was walking to the exit, I pulled up next to him & said "You down to represent the barrio?" Ride with me ese", He was walking w/ Red, He Just started laughing & got in the passenger seat, Red tried to talk him into walking but he said "no", I rubbed it in Red's face & said

"Bro's before ... Well it rhyme's w/ goes"!

Anyway's I started listening to Spanish music I hadn't heard in a long time, I started going to the bazaar & ese restraunt's like Pollo Loco & Insurgentes, I was even [illegible] comtemplating ~~shop~~ Shopping at Fiesta or The Ranchero market, I like the selection at Tom Thumb better, I use to snub hispanic's at work or out in Public, I Started talking to them, This White guy came up to me one day While I was on assignment, I don't even know how it came up but he said "Are you Hispanic", I told him "Yuck don't remind me",

I'm Hispanic Weather I like it or not,

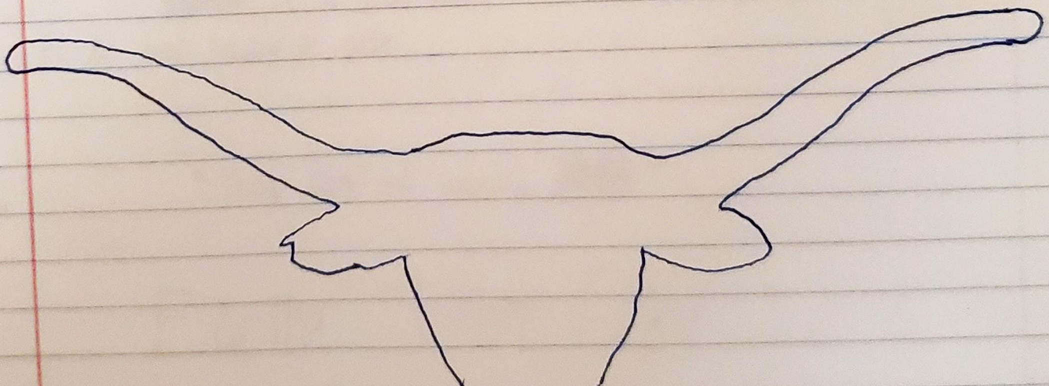
Juliana Hatfield



Fucking truck broke down, I bullshitted w/ this dude [redacted] victor. We bullshitted for almost an hour. The last time We bullshitted ~~for almost an hour? The last time we bullshitted~~ Was 2 day's before christmas.

What are the odd's that [redacted] would show up twice in a row. It only took 15 minute's to jump the truck but we talked & talked & talked for like 40 minute's. Both time's, We talked about some crazy shit.

[redacted] is a cool guy, I'm really glad he came both times.

As he was leaving I said

Clay Pigeon's

"Take care of yourself [redacted]"

Earlier That Day

Like an hour before the truck died

I saw [redacted] will for the 1rst time. In [illegible] [illegible] a long time. I said "Hi. How've you been".

Bride of Chucky

I thought I was never going to see You again, [redacted] said "Hey Mauricio, You haven't seen me since last year." Did you go to the Strip club again!" I said "Yeah". She said "Which one?" I said "Buck's". [redacted] said "Never heard of that one". I said "it's on Royal Lane". I then told [redacted]

Dutchman About Face

"Would it be forward of me to hold Your hand?"

[redacted] said "Why?" I told her "I think today might be my last day. This terrorist loser showed up & ruined the fucking mood.

[redacted] said "You were serious about that?," I said "As a heart attack," I then hold [redacted] right hand W/ my right hand, Dude, I could get used to this. [redacted] said "Why is your hand so sweaty?" I told [redacted] "Because these fucking packages are heavy as hell and I had my hand's in my pocket, I'm glad [redacted] we met I hope you find your place in life little lady",

[redacted] said "Goodbye Mauricio",

As I was about to take the stair's. [redacted] come's up behind me. Did she want to make the moment last or was she just doing her job? Who the fuck care's, Anyway's somebody was coming up the stair's, I told [redacted] "can I have a radio?," [redacted] say's "No, only Staff get radio's," I told [redacted] "I'm really going to go this time", I then said

Terminator 2 "Hasta la vista baby",

[redacted] just waved. Later that day when I got off work, I touched myself while thinking about [redacted]

I've seen [redacted] almost everyday since I became a fucking driver back in November,

I love you so much [redacted]

I also saw [redacted] Blue's clue's, He saw me coming & immediately got to work, He told them to open the door for the basement & he opened the gate to the parking garage. I said "Hey You" [redacted] said "Hey Buttercup", LOL Buttercup

This whole I was faking not being able to speak Spanish. The cat is out of the bag, I thought [redacted] was going to be mad as hell, I told [redacted] "Spanish is my 1rst language but I'm more fluent in English.

I'm closer to [redacted] Belly than people I'm actually related to.

JAN 9 thur 2020

I saw [redacted] Hate for the 1rst time since september 16. I saw him in the parking lot & started screaming "[redacted] [redacted] [redacted]!" [redacted] said "Oh my God you made fucking driver?!" I was like "Yeah by the skin of my teeth." We started talking about peak season & how it was going, I said "See Ya [redacted]. Duty Calls".

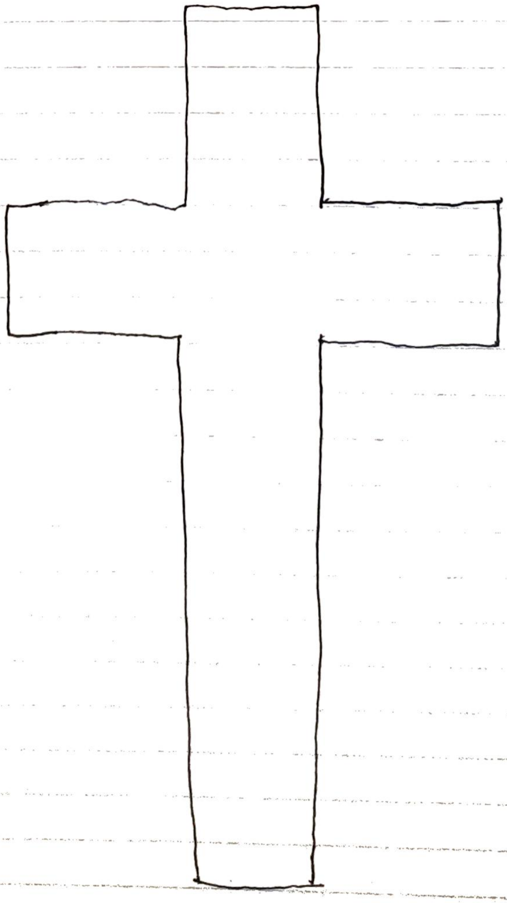
There

For the GRace of GOD Go I



Today was my last day as a driver, I couldn't have lasted another fucking week.

As I was about to finish my route, I had 2 Stop's left, The Ascent apartment's & The Cirque. As I was about to head over there this guy call's me & say's "Garcia Were you at?" I said "I'm at 3111 North Houston", He said he was going to help me w/ the last 2 Stop's, Shit!!! I remember thinking please don't pick The Cirque, So I get to the stop. I practically parked in front of The Ascent's doorstep, I gave this guy half my shit, since the Ascent was the closest he chose that one. I breathed a sign of relief, I thought I wouldn't see [redacted], I should have just hidden a package so no matter Which one he picked I was going to see my homegirl, ~~that wa~~

Ace Ventura — That was a close one ladies & gentlemen

[redacted] was working by herself, Aw alone at last. I said "Hey senioria [redacted]" [redacted] "I'm not that old", Oh fiesty, I said "I meant seniority [redacted]", I told [redacted] "Would it be forward of me to hold your hand?" [redacted] said "You already held my hand". I said "one last time for old time's sake", [redacted] didn't say anything, She just held out her hand, I held her hand & said

Fight Club — "Look's like this is goodbye",

(Don't Fear) The Reaper

Come on baby
Baby, take my hand
We'll be able to fly
Baby, I'm your Man

Blue
Öyster
Cult

[redacted] told me "are you going back to the club?" I said "Yeah for Valentine's day, You want to come with me?" [redacted] said that sound's like a favor," I told [redacted]

Resident Evil

"I'm missing You already"

I like to say the same shit to different girl's & see how they react.

[redacted] just lovingly waved at me

As I was walking back to the truck, I took one last look, [redacted] was just chilling at her desk, It was like that scene in Fight Club where Edward Norton look's back at Marla's apartment, Except I could see [redacted], Maybe the cirque should have a "A place to be somebody" sign hanging by the entrance.

1 thing that blows my mind is that the concierge's for the katy, the Ascent, & my homegirl [redacted] are light complected hispanic's.

I said see ~~You~~ ya to my helper, I didn't think we were going to get along at first.

Taking Back Sunday
My Blue Heaven

And it happen's all the time

It was funny because when I told [redacted] Fondu Fondu it was my last day, [redacted] said "You play too much, I can't tell IF You're playing or serious", I used to tell [redacted] random shit & say "Does that make me a bad person?" After asking like 10 time's, [redacted] finally said "If you have to ask, Yes". Another time I was copying the way Forest Gump talked. Mama zed tay waz mi magik shoz, Mama zed tay tek Me N'ywere, [redacted] said "Okay Forest Gump", I been had.

I had a crush on this secretary & I told [redacted]

Leave it
to Beaver
1997

"can you find out how much my petit litte flower dig's me without making it sound like I'm the guy who put you up to it?"

One time a package required a signature & I told [redacted] "[redacted] can I ..." it was like that scene in Stir of Echoe's when Tom motion's for Lisa to make her friend Clarita leave, When [redacted] caught on [redacted] said "Take that to your girlfriend," LOL.

I saw [redacted] Hill for the 1st time, I helped [redacted] Everst out, I told [redacted] Hill I got the coronavirus, [redacted] said "Get away from me," I said "I got it from drinking to many Corona's. [redacted] just started laughing.

And it happen's all the time

I was unloading a truck W/ this black dude, I didn't think we were going to get along at 1st, Halfway through I was so bored that I started bullshitting, We ended up talking about betrayal & that loser pedophile worshipper. We talked about driving, We also talked about loss & prevention & how to get a phone pass, I then get moved, I said "Take it easy bro", I don't say that to just anyone, Normally I'll just say something like "cool thank's", Damn, I wish I ~~could ha~~ Would have bullshitted from the start,

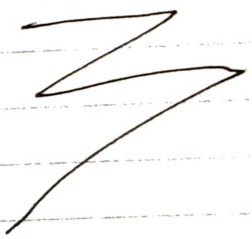
NIGHTMARE
FUEL



PERFECT
DARK

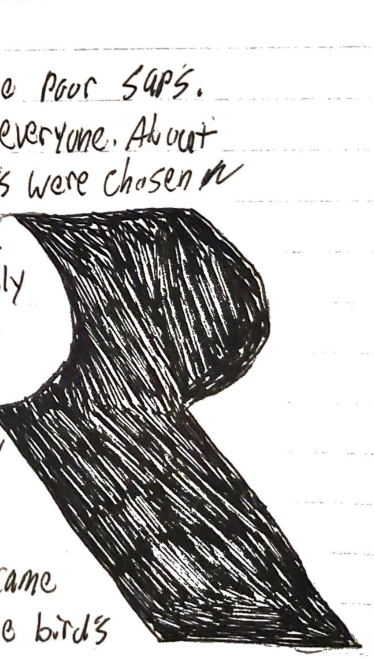
Had this crazy fucking dream, Unlike other dream's, In this one I was just the spectator,

There was this party at this motel style apartment complex, It was rectangular & enclosed wit a big ass court yard in the middle. Around sunset the party get's started, Everyone's having a good ol time. But then these sinister guy's spike or had already spiked all the fucking drink's. It was kinda like that movie Hostel,

~~Whe~~ When you go to parties it's almost impossible to drug a victim & then haul them away, Their friend's are going to be there & even random people are going to be like "What the fuck you doing",

Not this time, Everybody passed out, kinda like that movie Turistas.

And that's when "they" started collecting all the poor saps. They were so many that "they" couldn't fucking take everyone. About half of the party goer's dodged the bullet, the victim's were chosen completely at random. There was this guy who looked like he weighted 300 plus pound's, "they" were probably this guy's too fucking fat & it's going to take like 4 of us to carry him. So they spared his life. This crazy motherfucker was carrying not 1 but 2 bitches, one on each shoulder,



Then morning came & almost all the party goer's came to. The sun was shining the grass was green & the bird's were chirping, The scenery was impressive but the mood was ominous as hell, It was like that movie Midsommar, when the boy's get set on fire & the back ground look's awesome as hell, That kinda happened to me one time when I was in Plano. I was mowing this lawn in suburbia, I don't know IF anything bad went down before or after I left but the atmosphere just felt fucking unbelievably sinister, It felt like a combination of the setting's of Friday the 13th & The Texas chainsaw Massacre, I couldn't wait to get out of there.

this is how that guy in Paranormal Activity must have felt like,

casper Who you going to call? Someone else,

It was like the after math of the party scene in Turistas. Except no one had any idea, I wonder how everyone's going to react when they find out half the people who showed up to that fucking thing are now missing, presumed dead, There was a guy there who left in a Lyft who narrowly escaped w/ his life, He got the feeling something bad was going to happen & he was like I'm getting the fuck out of here, The drug's took effect on his way home, It remind's me of all those people who cheated death on 9/11, By canceling, missing, or changing flight's.

Aceventura That was a close one ladies & gentlemen

What happened to those unfortunate soul's, I don't know, I either woke up or the dream ended, It's a blur, But the possibilties are fucking scary as hell, Were they tortured to death like in Hostel? Were their organ's harvested & sold to the highest bidder again like in Turistas, Did they get sex trafficked or put into slavery like in Rambo Last Blood. Were they used as Guinea pig's for twisted experiment's like in Saw or Resident Evil.

I've heard of people waking up in a cold Sweat. That wasn't me, Ok I was breathing heavily but when it hit me that it wasn't real, Man What a relief. The thing that freak's me out is holy shit I hope that never happen's to me

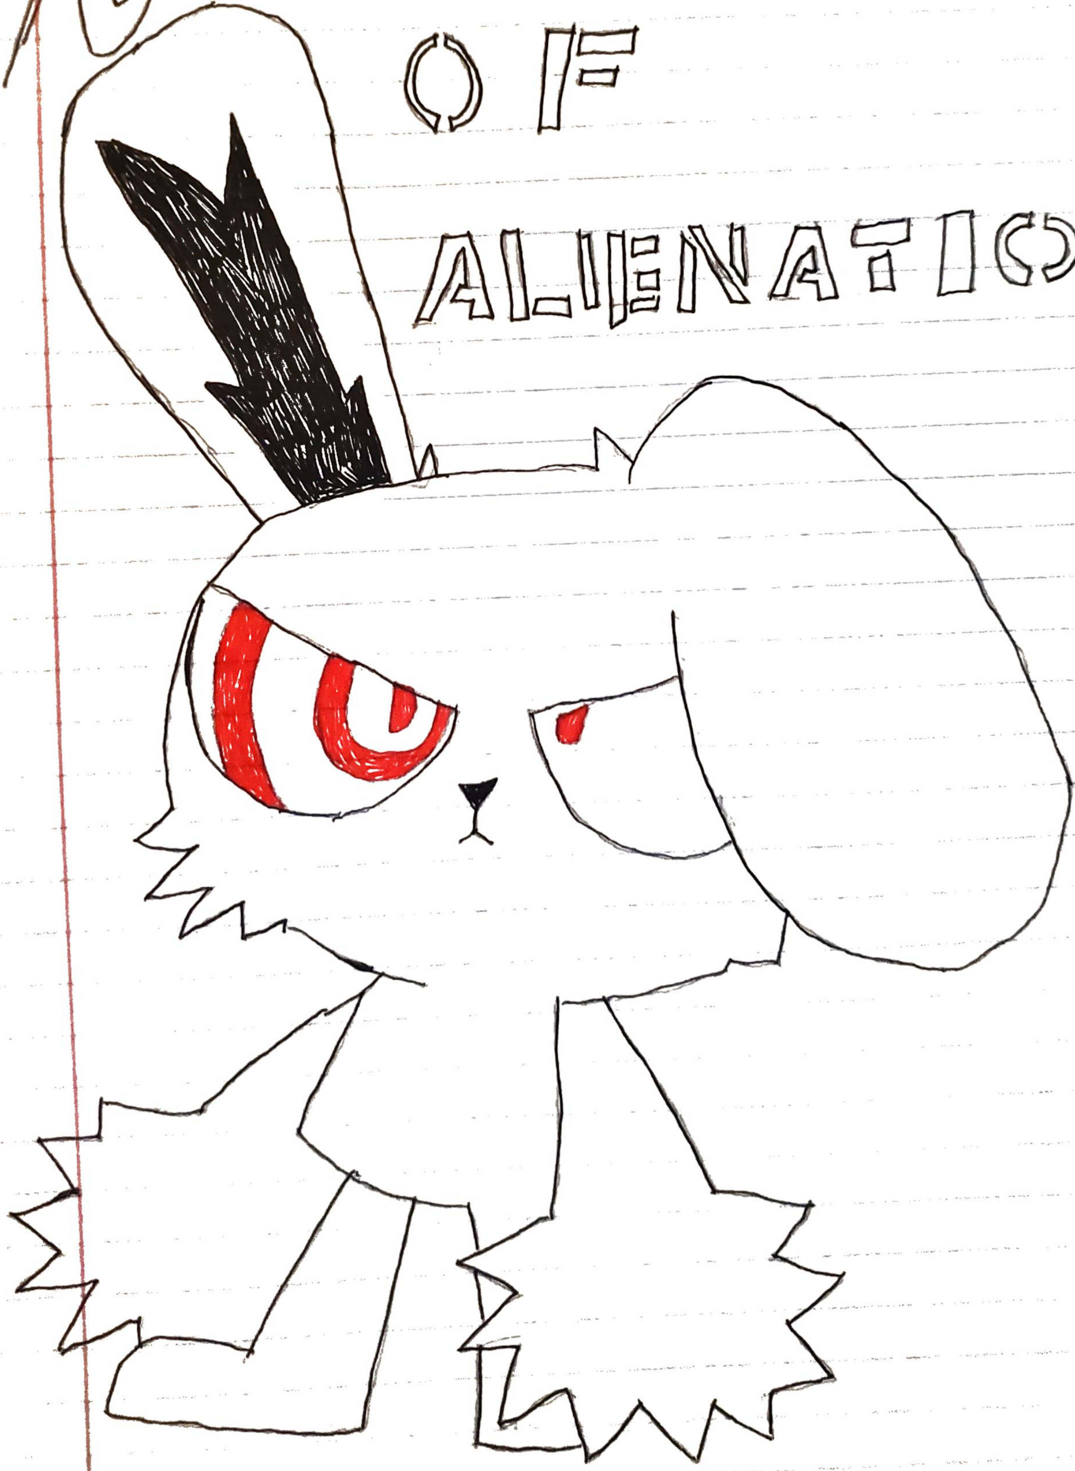
ZONE OF ALIENATION



So I was unloading a trailer when all the sudden I get pulled to do the fucking air. As I was getting there I saw [redacted], I was like great. So we both start unloading. [redacted] Stuck the belt all the way in the can she was in. She was struggling to get it out, she looked so cute. It was like that scene in Lost when Kate is breaking rock's. And Sawyer's just watching, I told her "You can't get that shit out"? So I held the can in place while she pulled the belt. Later when the primary shut down we started talking for the 1rst time since the day after this canelo fight November [redacted] 3 2019 I told her

Bride of Chucky

"hi. How've you been".

She said "Good". Just as we were flowing the fucking primary start's, I was like SHIT!

You know, sometime's it just feel's better to give in.
My Blue Heaven, Taking Back Sunday.

Anyway's some thing's really are better off unsaid. Neither of us mentioned why we stopped talking. I'm just glad we're finally speaking, Homegirl let's never do that shit again. I wonder what I did or said to make [redacted] become friendly w/ me again. The only theory I could come up w/ is that since we see each other a lot & we're eventually going to work together we might as well make up or were going to be in for a terrible shift. There could be other reason's but I'm not that bright, shit now I'm starting to feel bad. All the time's I saw her sitting by herself & didn't say shit.

Fuck I'm starting to feel like shit. And I don't normally get troll's remorse, I don't know if it's faith or big ass coincidence but me & Steven [redacted] were talking not too long ago. And I don't even know how it came up but he said "the worst thing you

Could do to somebody is shun them",
How could anyone shun her?

Surrender but don't give yourself away, Chick
technically cheap trick

I thought I was doing something right & it came back to haunt me,

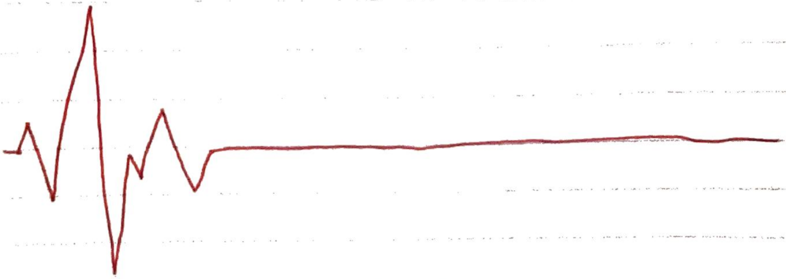
FLATLIN y



From now on I'm not going to censore anyone's name because this entry involve's a lot of people. Also I forgot the name of someone important. I can't believe my retarded ass fucking forgot

[illegible] [illegible]

I fucked up my foot. I was on the air dock unloading air can's. Me & Rich we had it all worked out. It went smooth. Until the 3rd air can. My foot got caught between an air can & a peg. It hurt like shit. I fucking stumbled. I told Rich, "Hey man I'm taking a break". Rich said "You might need moar than a break". I sat on a load stand writhing in pain. One of the sup's saw me go down. I gave her the thumb's up. I wanted to see how bad I got clipped, so I took my shoe off.

Fucking ~~bloo~~ blood was coming out of my sock. Well that's not good. So I took my sock off & saw the nastiest injury I've ever had. I started screaming, "~~Rich~~ RICH CALL AN AMBULANCE CALL A FUCKING AMBULANCE!!! My foot was ~~bleeding~~ bleeding like a busted bottle of ketchup. Srsly I was on a mesh & the blood was Bleeding Through Band the mesh & it was collecting at the bottom. All the sup's came to see what was going on.

Drawn Together What the hell happened!?

Then the sup who I gave the thumb's up to came over. Her name is chanelle by the way. Chanelle said "let me see". I was trying to stop the bleeding w/ my sock. But it was no use. I took my sock off & when she saw my injury the look on her face was like Lord have mercy.

It was like that scene in Fight Club when blood drip's out of Bob's head. Chanelle makes a tourniquet out of 2 sup Polo Shirt's.
